SELECTED PROFESSIONAL EXPERIENCE

Includes experience outside Compass Lexecon

- **DMA impact assessment (2024)**
Advised clients in the hospitality sector on the potential impact of changes implemented through the DMA in relation to changes in how search results are presented
- **Secondment with the UK Competition and Markets Authority (2023)**
Completed a 6-month secondment with the Economics team, having been involved in Amazon/iRobot (Phase 1) and a Big Tech antitrust investigation (commitments process)
- **Information exchange investigation in financial services (2022-23)**
Led the delivery of wide ranging quantitative and forensic analyses on trading data to assess the potential impact of the alleged misconduct on trading and market outcomes
- **Global merger between tyre manufacturers (2021-22)**
Led analysis on closeness of competition between merging parties using data on OEM specification and pricing of brands for off-highway tyres
- **Fibre broadband merger in South Africa (2021-22)**
Conducted a range of quantitative and qualitative analyses in relation to the assessment of unilateral effects of the merger, with a focus on the impact on dynamic competition in the market
- **Regulatory and damages analysis in context of a cartel claim (2021-22)**
Led the end-to-end delivery for novel quantitative modelling of regulatory regimes in relation to the damages arising out of the alleged cartel overcharge on regulated electricity transmission assets
- **Impact assessment advisory for Ofcom (2020-2021)**
Advised Ofcom potential options and recommendations for measuring impact of its key regulatory activities across different sectors (including telecoms, broadcasting and spectrum)
- **Article 102 investigation into Amazon Marketplace (2020-2021)**
Led quantitative analysis in relation to market definition and dominance, with a focus on market shares, pricing and market entry/expansion
- **Merger risk assessment for a healthcare equipment company (2020)**
Advised a global healthcare equipment company on the anti-trust risks for a potential multi-jurisdictional merger

- Regulatory support to National Grid for RII0-2 (2020)
Advised on the appropriateness of Ofgem's proposals relating to a key incentive scheme in gas transmission
- Market review into card-acquiring services (2018-2019)
Advised a payments company on key competition issues, including possible theories of harm and remedies, and on its engagement with the Payment Systems Regulator (PSR) for the market review
- Secondment with Visa Europe (2018)
Completed a 4-month secondment with the UK Regulatory Policy and Public Affairs team; led the drafting of two major consultation responses and advised on elements of Interchange Fee Regulation (IFR)
- Article 102 dispute - Royal Mail v Whistle/Ofcom (2015-2019)
Advised Royal Mail through the various stages of a competition law case brought on by Whistle over the alleged exclusionary impact of price change announcements
- Economic impact assessment for a digital media platform (2017)
Advised on the impact of proposed changes to remuneration rights under EU copyright law for online streaming
- Economic and financial advisory for the NHS (2016-17)
Advised various NHS bodies on a wide range of issues, including the travel-time impact of a proposed hospital relocation and the valuation methodology for a long-term cancer care contract
- Appeal against Ofcom's dark fibre remedy (2016-2017)
Involved in the preparation of a report submitted to the Competition Appeals Tribunal supporting Virgin Media's intervention in an appeal against mandating competitor access to BT's dark fibre network
- Fundamental Regulatory Review of Royal Mail (2015-16)
Advised Royal Mail on a range of regulatory and competition issues following the launch of the review by Ofcom
- Economics of Fibre study for a global telecoms network (2015-16)
Advised on quantifying a national telecom monopolist's incumbency advantages (relative to a hypothetical entrant's) in context of investment in next generation fibre broadband
