REPRESENTATIVE ENGAGEMENTS

- 2018
Analyzed damages arising from cartel activities. Submitted findings to the UK Competition Appeal Tribunal.
- 2017
Valued a natural gas transportation contract in a major Western European country. Advised arbitral tribunal on the damages arising from the breach of said contract.
- 2017
Analyzed the competitiveness of long-term contracts in the European natural gas market.
- 2017
Calculated the hypothetical profits of a market entrant foregone due to the incumbent's alleged anticompetitive behaviour.
- 2016
Determined the appropriate contrafactual to measure a change in Bank of America's cash balance plan.
- 2016
Quantified the differences in the judicial process between Puerto Rico and the (mainland) US. Reported findings to a US court to help judge determine whether a case should be transferred from Puerto Rico to US.
- 2015
Analyzed whether the board of a mutual fund group fulfilled its fiduciary duty. Collected data on the US mutual fund market. Examined the performance of each mutual fund in the target group after adjusting for fee level, risk, and benchmark.
- 2015
Analyzed the economic impact of a fire caused by an oil refinery in 2012. Identified benchmarks to isolate the effect of the fire on economic indicators such as property value, tax revenue, and employment.
