SELECTED EXPERIENCE

Mergers & Acquisitions

- 2020: Advisory in the context of a proposed upstream joint venture in the Consumer Staples industry. We performed an initial assessment of risks to competition from the proposed JV and advised the Parties in filing the notification of the Transaction before regulatory agencies.
- 2021: Advisory in the context of a potential M&A transaction in the Utilities industry, with an emphasis of risks to current and potential competition from the proposed acquisition.
- VTR/Claro (2021-ongoing). Advised Liberty Latin America (parent of VTR) and América Móvil (parent of Claro Chile), two of Chile's leading fixed and mobile telecommunications companies, respectively, in the proposed joint venture to combine their Chilean operations. Currently in Phase II investigation by the Fiscalía Nacional Económica, Chile's competition agency.

Market Investigations

- Market Study on Gas (2021), Fiscalía Nacional Económica. Advised Empresas Lipigas S.A., a vertically integrated Natural Gas and LPG distributor with national presence. Advised the client throughout the year-long investigation, by developing a thorough understanding of the industry and preparing and expert report with policy recommendations, to be presented to the Fiscalía Nacional Económica and the client's Board of Directors.

Antitrust litigation

- VTR v. AMC Networks Latin America (2020-ongoing). Advised VTR in its defence of a lawsuit brought forward by AMC, after VTR dropped six pay TV channels owned by AMC's Latin American division in 2018.
