SELECTED CONSULTING EXPERIENCE

Mergers & Acquisitions

- Air France/Airbus JV (2026, component maintenance)
  Advising Air France-KLM and Airbus during investigation by the European Commission of the creation of a joint venture dedicated to component maintenance services for Airbus A350. Calculation of market shares, analysis and description of efficiencies. Transaction unconditionally cleared in Phase I with a focus on efficiencies.

- Inertial navigation systems (2026, maritime systems)
  Advising client in the context of a potential transaction in the high-tech and robotics sector. Antitrust risk analysis, assessment of the current competitive landscape, analysis of competitive closeness, bidding data analysis.

- Safran/Collins Aerospace (2025, flight control)
  Advised Safran during European Commission and UK CAM proceedings. Cleared conditionally.

- Contemplated acquisition in the general builders merchant industry (2025)
  Analysis of local competitive effects.

- Assessment of the efficiencies resulting from a JV agreement between two airlines (2024)
  Quantification of the efficiencies resulting from airlines cooperation, schedule delay reduction, economies of density and reduction of double marginalization.

- Hitachi Rail/Thales GTS (2023, railway signalling)
  Advised Hitachi during European Commission Phase I and UK CMA Phase II proceedings. Cleared conditionally.

- Cargotec/Konecranes (2022, container handling)
  Economic advice during Phase II proceedings before the European Commission and ethe CMA.

- Orange Romania/Telekom Romania (2021)
  Advised Orange on the acquisition of Telekom Romania during European Commission Phase I investigation. Market share analysis, local footprint analysis.

- Ardian/SPMR (2021, pipelines)
  Advised Ardian during Phase II investigation by the French NCA. Prohibited. Analysis of horizontal and vertical effects.

- Contemplated acquisition in the car rental industry (2021)
  Analysis of local competitive effects.

- Fiat Chrysler/Peugeot (2020)
  Advised Fiat Chrysler and Peugeot during European Commission Phase II investigation and in other jurisdictions. Cleared with conditions. Market share analysis, closeness of competition, price effects.

Antitrust

- Pharmaceutical industry (Ongoing, pharmaceutical)
  Advise client during Article 102 TFEU investigation by the Belgian Competition Authority.

- ADN Mobilités (2024, train ticket distribution)
  Economic study on the economic space available for independent train ticket distributors in France

- Economic study on the pro-competitive effects of list price announcement in the wood pulp industry (2023)

- Economic analysis of potential retail price management in the technology industry (2022)

Litigation and Damages

- Energy supply (Ongoing, energy)
  Support damage claim following Article 102 infringement decision by the French competition authority in 2023. Reports submitted to Paris commercial court. Litigation is ongoing.

- Assisted David Sevy as judiciary expert for Luxembourg Tribunal in a follow-on case following Article 101 infringement (2025)

- SFR vs Orange (2024, telecommunications)
  Economic support to Orange in a dispute in front of the French telecom regulator on an alleged inefficient energy procurement strategy from Orange for its wholesale offers. SFR's main claims dismissed.

- Wana vs Maroc Telecom (2022, telecommunications)
  Economic support (expert report) to Maroc Telecom during follow-on litigation in front of the Rabat commercial court regarding an alleged abuse of dominance related to the implementation of local loop unbundling in Morocco.

State Aid

- Belgium Nuclear extension (2024, energy)
  Assisted the Belgian sovereign Wealth Fund during the investigation by the EC into State aid provided by the Belgian state to extend the lifetime of two nuclear reactors. Approved.

Energy

- ElecLink (2024) Valuation of the terminal value of an electricity interconnector between France and Great Britain.

Intellectual Property Rights

- Economic assessment of copyright royalties (2025, ongoing)
