## SELECTED CONSULTING EXPERIENCE

- Vauban Infrastructure Partners & Caisse des Dépôts et Consignations (2023)  
Successful buy-side due diligence for Coriance a large actor of district heating in France (Around 1€b value)
- Confidential French actor of the gas market (2023)  
Analysis of the need for new gas infrastructure in Europe following the interruption of Russian imports, with a focus on assessing the opportunities and related challenges of reinforcing the interconnection capacity between France and Germany
- Confidential French renewable developer (2023)  
Assessment of several “behind-the-meter” battery storage development business cases for a developer of commercial and industrial renewable solutions
- Multiple renewable developers (2018-2022)  
Commercial due diligence (Buy side and sell side) and financing support of renewable asset portfolios, involving market price projections, regulation risks, geographical characteristics and modelling of CfD auctions.
- Several flexible asset developers (2018-2022)  
Flexible asset valuation for technologies such as CCGT, OCGT, biomass plants and batteries, for the purpose of debt/equity raising, or participation in capacity remuneration schemes. Such valuation involved the modelling of different markets, including ancillary service markets in several geographies.
