SELECTED CONSULTING EXPERIENCE

Mergers and Acquisitions

- Retail (2025)
Provided local merger analysis for acquisition in the large specialised retail sector (organic food) to be notified before the French Competition Authority.
- Risk assessment in the long distance coach sector (2025)
Provided analysis for potential acquisition in the long distance coach sector.
- Safran/RTX (2025, aeronautic equipment)
Advised Safran during Phase I merger review by the European Commission and by the CMA of its acquisition of Collins Aerospace. Cleared conditionally by the EC and UK CMA in phase I.

Antitrust

- Study regulated profession (2024 - present)
Study on the digital transformation of a regulated profession in the context of an investigation by the French Competition Authority.
- Electrical appliances (2023-2024)
Assistance to an electrical equipment manufacturer under investigation by the French NCA for a potential infringement of Article 101 TFEU (RPM). Empirical assessment of the price impact of a RPM. Assistance to expert report in response to the SO.

Litigation and Damages

- Heavy truck manufacturer (2023 – present)
Conducted economic and econometric analyses for a multinational truck manufacturer, in preparation for civil litigation in EU courts. The client acts as a defendant in several large-scale damage actions, following an Article 101 infringement settlement with the European Commission.
- Epic Games (2023)

Provided analysis in relation to proceedings commenced by Epic Games against Google in Australia.

Public policy

- Amazon France (2023-2024)
Report, commissioned by Amazon, on consumer's valuation of e-commerce in France including a survey, quantitative analysis and econometric modelling.

Other

- ENGIE (2024)
Provided econometric analysis in the context of an alleged infringement of Articles 3 and 4 of the REMIT regulation.
