PUBLICATIONS

"On the Asymptotic Sizes of Subset Anderson-Rubin and Lagrange Multiplier Tests in Linear Instrumental Variable Regression Models", with Patrik Guggenberger, Frank Kleibergen and Sophocles Mavroudis, *Econometrica*, 2012, vol. 80, No. 6, 2649-2666.

SELECTED EXPERIENCE

- Supported experts' analysis in conducting merger simulation analysis in a proposed consumer products merger.
- Supported in analyzing price effects of the proposed merger between two distribution services companies in Canada.
- Supported experts' analysis in conducting economic and econometric modelling to investigate potential total and partial foreclosure effects in a vertical merger in the semiconductor industry.
- In support of the expert, provided econometric analysis to investigate potential price effects and welfare loss in different geographical markets for a merger between two environmental solutions providers.
- Supported the expert in conducting supply and demand analysis to investigate potential price effects and welfare loss in a merger between two newspaper companies.
- On behalf of Express Scripts, provided support to experts in the Department of Justice's (DOJ) investigation of the \$67 billion merger between Cigna and Express Scripts Holding Company. Analyzed possible concerns related to horizontal effects of its proposed merger with Cigna in markets for PBM services and Medicare Part D insurance. DOJ cleared the merger after a six-month review.
- Supported testifying expert's analysis of liability and competitive effects for defendant American Express ("Amex") in Amex Anti-Steering Rules Antitrust Litigation against merchant plaintiffs.
- Supported testifying expert by providing causation and damages analysis for a major brand name pharmaceutical company in litigation involving potential False Claims Act (FCA) and anti-kickback violations related to improper marketing tactics.
- Supported the expert in providing liability and causation analysis in profitability, price and share variation of products for a pharmaceutical company in the alleged price-fixing investigation.
