## SELECTED CONSULTING EXPERIENCE

### Mergers and Acquisitions

- Brookfield & Cameco/Westinghouse Electric Company (2023)  
Advised Brookfield and Cameco in the context of the UK CMA and EC review of their contemplated JV by means of which they would acquire WEC.
- Greiner/Recticel (2021)  
Advised Greiner in the context of the European Commissions' review of its contemplated hostile acquisition of Recticel, from pre-notification to the European Commission's Phase II review. Extensive filing support, market reconstruction, and closeness of competition.
- AerCap/GECAS (2021)  
Advised both merging Parties during Phase I merger proceedings before the European Commission and during filings in various other jurisdictions worldwide. Extensive filing support, assessment of horizontal, vertical and conglomerate effects including bidding analyses. The European Commission cleared the transaction unconditionally.
- Novelis/Aleris (2019)  
Advised Novelis during Phase II merger proceedings before the European Commission. Extensive filing support, assessment of horizontal effects including bidding and econometric analyses, diversion ratios calculation, analyses of capacity and demand, price elasticity and competitive constraints analyses, and price discrimination analysis.
- Aperam/VDM (2018)  
Advised Aperam in the context of the European Commissions' review of its contemplated acquisition of VDM, from pre-notification to the European Commission's Phase II review. Extensive filing support, market reconstruction, and closeness of competition.

- Praxair/Linde (2018)  
Advised both merging Parties during Phase II merger proceedings before the European Commission and during filings in various other jurisdictions worldwide. Analysis of the competitive effects of the transaction in the sector of industrial gases, medical gases, specialty gases and helium.
- Polynt/Reichhold (2017)  
Advised both merging Parties during merger proceedings before the European Commission. Extensive filing support, econometric analysis of geocoded customer-level sales data and trade flows.
- Ahold/Delhaize (2016)  
Advised both merging Parties in front of the Belgian Competition Authority. Extensive filing support, assessment of local competition based on disaggregated sales, price and loyalty card data using econometric techniques.
- TEVA/Mylan (2015)  
Advised Mylan in its antitrust defence in front of the European Commission against the attempted but unsuccessful hostile take-over.
- Novartis/GSK Oncology Business & GSK/Novartis Vaccine Business (2015)  
Advised Novartis during Phase I merger proceedings before the European Commission. Analysis of the competitive effects of the transaction in the medical sectors of oncology and vaccines.
- Telefonica Deutschland/E-Plus (2014)  
Advised Telefonica during Phase II merger proceedings before the European Commission. Extensive filing support, demand estimation, merger simulation, assessment of efficiencies and calculation of diversion ratios.

### **Cartel Litigation**

- Estimation of damages related to follow-on damages litigation in the context of the international car shipping cartel.
- Estimation of damages related to the German coffee cartel.
- Econometric analysis of the effects of the cartel in the German parking heating cartel.
- Quantification of damages in the context of the German sugar cartel.
- Estimation of damages related to the German rail track cartel.
