US District Court, Southern District of California

On behalf of Spectrum Solutions, supported expert in the economic analysis of antitrust liability issues in Walker Process Fraud litigation involving saliva collection devices for genetic testing.

Global Tubing, LLC v. Tenaris Coiled Tubes, LLC and Tenaris S.A.
US District Court, Southern District of Texas

On behalf of Global Tubing, supported expert in the economic analysis of antitrust liability issues in Walker Process Fraud litigation involving coiled tubing used in well interventions.

LG Electronics, Inc. v. Dolby Laboratories, Inc. et al.
US District Court, Southern District of New York

On behalf of LG Electronics, supported expert in the economic analysis of exclusionary conduct, injunctive relief, and irreparable harm in intellectual property matter.

Rasmussen Instruments, LCC v. DePuy Synthes Products, Inc. et al.
US District Court, District of Massachusetts

On behalf of DePuy, supported expert in rebutting a survey conducted by Plaintiff's expert on the usage of medical instruments for knee replacement surgery, in the context of alleged patent infringement.

Baxalta Inc., et al. v. Bayer Healthcare LLC
US District Court, District of Delaware

On behalf of Bayer, supported expert in the economic analysis of antitrust liability issues in Walker Process Fraud litigation involving pharmaceuticals for the treatment of Hemophilia A.

Jenkins et al. v. National Grid USA et al.

US District Court, Eastern District of New York

On behalf of National Grid, submitted declaration providing a statistical sampling and extrapolation methodology to evaluate plaintiffs' allegations that National Grid violated the Telephone Consumer Protection Act; submitted expert report evaluating the statistical methodology offered by plaintiffs' experts to ascertain class membership.

In re: Zetia (Ezetimibe) Antitrust Litigation

US District Court, Eastern District of Virginia

On behalf of Merck and Glenmark Pharmaceuticals, supported expert in the evaluation of market definition and market power related to claims that generic versions of the high cholesterol medication Zetia were improperly delayed by a reverse payment settlement agreement.

United States of America v. Quicken Loans, Inc.

US District Court, Eastern District of Michigan

On behalf of Quicken Loans, supported expert in the evaluation of statistical sampling, extrapolation, and damages related to alleged defects in the mortgage underwriting process.

Amphastar Pharmaceuticals, Inc., et al. v. Momenta Pharmaceuticals, Inc. and Sandoz Inc.

US District Court, District of Massachusetts

On behalf of Momenta Pharmaceuticals and Sandoz, supported expert in evaluating issues of antitrust liability, alleged to have resulted from fraud on the U.S. patent office that delayed generic entry, involving the anticoagulant medication Lovenox.

Pudlowski, et al. v. The St. Louis Rams, LLC

US District Court, Eastern District of Missouri

On behalf of the St. Louis Rams, submitted two expert reports evaluating the plaintiffs' statistical sampling and extrapolation methodology for determining the proportion of Missouri citizens in the proposed class.

In re: Lamictal Direct Purchaser Antitrust Litigation

US District Court, District of New Jersey

On behalf of GlaxoSmithKline and Teva Pharmaceuticals, supported expert in the evaluation of market definition and market power related to claims that generic versions of the anti-epileptic medication Lamictal were improperly delayed by a reverse payment settlement agreement.

In re: Solodyn Antitrust Litigation

US District Court, District of Massachusetts

On behalf of Valeant Pharmaceuticals and Impax Laboratories, supported expert in an analysis of indirect purchaser class certification; supported expert in evaluating the effect of pharmacy and pharmacy benefit manager (PBM) treatment of generic versions of Solodyn on drug utilization.

C5 Medical Werks, LLC and CoorsTek Medical, LLC v. CeramTec GMBH

US District Court, District of Colorado

On behalf of C5 Medical Werks, supported expert in a statistical analysis of the impact of chromium oxide on the hardness of ceramic material used in hip implants.

In re: Lidoderm Antitrust Litigation

US District Court, Northern District of California

On behalf of Endo Pharmaceuticals, Teikoku Pharma, and Watson Laboratories, supported a PBM expert in the evaluation of the potential impact of delayed generic entry on a class of third-party payers.

In re: Celexa and Lexapro Marketing and Sales Practice Litigation

US District Court, District of Massachusetts

On behalf of Forest Laboratories, supported expert in the evaluation of the potential impact of alleged off-label promotion on a class of third-party payers.

In re: Air Cargo Shipping Services Antitrust Litigation

US District Court, Eastern District of New York

On behalf of several air cargo carriers, supported expert in the statistical evaluation of the impact of price-fixing of fuel surcharges on air cargo prices.

Residential mortgage-backed securities litigation

Various Venues

In several cases, supported expert in the evaluation of statistical sampling and extrapolation techniques to detect defects in the mortgage underwriting process.

Eagle Harbor Holdings LLC, and MediusTech LLC v. Ford Motor Company

US District Court, Western District of Washington

On behalf of Ford, supported expert in assessing market research materials pertaining to alleged patent infringement by Ford's SYNC infotainment system.

Mylan Pharmaceuticals, Inc., et al. v. Warner Chilcott Public Limited Company, et al.

US District Court, Eastern District of Pennsylvania

On behalf of Warner Chilcott, supported expert in an analysis of whether alleged overcharges paid by insurers were passed on in the form of higher premiums.

In re: Merck & Co. Vytorin/Zetia Securities Litigation

In re: Schering-Plough Corp./ENHANCE Securities Litigation

US District Court, District of New Jersey

On behalf of Merck, supported expert in the statistical assessment of the improvement in data quality resulting from data cleaning efforts undertaken in the ENHANCE clinical trial.

Multiple class action matters v. Philip Morris, et al.

Various State Courts

On behalf of the plaintiffs, supported expert in the design, development, and analysis of conjoint surveys to estimate consumer valuations of cigarette attributes. Supported expert in the analysis of competition in the tobacco industry, and in the estimation of consumer harm resulting from the false advertising of Marlboro Lights cigarettes.

In re: TFT-LCD (Flat Panel) Antitrust Litigation

US District Court, Northern District of California, San Francisco Division

On behalf of LCD manufacturers, supported expert in the analysis of class certification, liability, and damages issues related to price-fixing allegations.

Certain Underwriters at Lloyd's London, et al. v. Tyson Foods, Inc.

Superior Court, State of Delaware, in and for New Castle County

On behalf of several insurers, supported expert in an analysis of the damages that Tyson's poultry business allegedly suffered as a result of port and shipping disruptions caused by Hurricane Katrina.

American Express Travel Related Services Company, Inc. v. Visa U.S.A., Inc., et al.

US District Court, Southern District of New York

On behalf of MasterCard, supported expert in the estimation of damages to American Express resulting from alleged anticompetitive conduct in the credit card industry.

International air transportation surcharge antitrust litigation

US District Court, Northern District of California

On behalf of an international airline, supported expert in the analysis of the effect of fuel surcharges applied by international air carriers on prices paid by passengers.

Pioneer Hi-Bred International, Inc. v. Agrigenetics, Inc. (d/b/a Mycogen Seeds), Mycogen Corporation, and Dow Agrosciences LLC

US District Court, Southern District of Iowa, Central Division

On behalf of Pioneer Hi-Bred, analyzed damages related to alleged unauthorized sales of hybrid corn seeds.

Non-participating manufacturer (NPM) adjustment proceeding under the Tobacco Master Settlement Agreement (MSA) between the settling states and the participating manufacturers

Arbitration Proceeding Before Professor Daniel McFadden and the Brattle Group

On behalf of the settling states, analyzed whether the provisions of the MSA were a "significant factor" contributing to the participating manufacturers' market share loss in 2003. Supported experts in the development of reports and testimony.

Agri-King, Inc., et al. v. Akzo Nobel, Inc., et al.

State of Minnesota, District Court, County of Ramsey, Second Judicial District

Steven L. Cox, et al. v. Aventis Animal Nutrition, Inc., et al.

District Court, Wyandotte County Kansas

On behalf of vitamin manufacturers, analyzed damages claimed by indirect purchasers of animal feed products who were overcharged as a result of a vitamins price-fixing conspiracy. Supported client in preparing for and taking over 20 depositions of members of the plaintiff group.

Merck & Co., Inc. v. Teva Pharmaceuticals USA, Inc.

US District Court, District of Delaware

Merck & Co., Inc. and Merck Frosst Canada & Co. v. The Minister of Health and Novopharm Ltd.

Federal Court (Canada)

On behalf of Merck, analyzed the market for osteoporosis medications in order to assess the validity of several patents owned by Merck in the United States and Canada. Supported expert in the preparation of reports, deposition testimony, and trial testimony concerning the commercial success of the drug Fosamax.

Northland Cranberries v. Ocean Spray Cooperative

US District Court, District of Massachusetts

On behalf of Ocean Spray, analyzed allegations of monopolization and unfair competition pertaining to the sale of cranberries, concentrate, and retail juice products. Supported expert in evaluating liability and damages issues.

Remeron antitrust litigation

US District Court, District of New Jersey

On behalf of Remeron, analyzed market definition for antidepressant drugs. Supported expert in preparation of report.

Netscape Communications Corporation v. Microsoft Corporation

US District Court, District of Columbia

On behalf of Microsoft, evaluated claims of illegal monopolization and tying in the markets for computer operating systems and web browsers.

Susan Douglass v. Ernst & Young, LLP

US District Court, District of Massachusetts

On behalf of the plaintiff, estimated lost earnings of a management consultant as a result of termination from employment. Supported expert in preparation of report and trial testimony.
