## SELECTED CONSULTING EXPERIENCE

### Litigation

- Confidential (ongoing)  
Provided economic analysis in the context of a series of high-profile commercial litigations on interchange fees.

### Mergers

- Vodafone / CK Hutchison JV merger  
Provided economic advice to Three UK in the context of its planned joint venture with Vodafone UK, which was successfully cleared by the CMA (subject to remedies) in December 2024.
- Confidential (ongoing)  
Assisted a multinational packaging and paper group with pre-notification and Phase I merger filings before the European Commission, including geographical overlap analysis to determine closeness of competition in local markets.
- Confidential (ongoing)  
Advised one of the world's largest container terminal groups during the pre-notification phase on a proposed joint venture with one of the most technologically advanced container terminals in the Mediterranean region.
- Confidential  
Assessed the competitive effects and possible theories of harm of a proposed merger between two global customer relationship and data management tools providers.

### Market investigations

Advised a wide range of interested parties on key market investigations, including:

- CMA Mobile browsers and cloud gaming market study (2023)
- CMA Mobile ecosystems market study (2022)
- CMA Music and streaming market study (2022)
- CMA Online platforms and digital advertising market study (2020)
- CMA Digital comparison tools market study (2017)

### Public consultations / Calls for evidence

Assisted interested parties with providing robust qualitative and quantitative evidence in the context of public consultations and calls for evidence, including:

- EC Consultation on merger control (2022)
- EC Consultation on commitments offered by Amazon concerning marketplace seller data (2022)
- EC Consultation on market definition (2020)
- EC Consultation on commitments offered by Broadcom concerning TV set-top box and modem chipset (2020)
- EC Consultation on competition rules on vertical agreements (2019)
