SELECTED CONSULTING EXPERIENCE

Mergers & Acquisitions

- **Independent economic advice related to a potential merger transaction** (2026, ongoing project). Compass Lexecon prepared a preliminary risk assessment presentation.
- **Independent economic advice related to a potential merger transaction** (2024, services sector). Compass Lexecon prepared a preliminary risk assessment presentation.
- **Independent economic advice related to a potential merger transaction** (2024, payment systems). Compass Lexecon prepared a preliminary risk assessment presentation.
- **Independent economic advice related to a merger transaction** (2024, consumer staples). The transaction was unconditionally cleared by the FNE following a Phase I investigation.

* Last updated as of May 8, 2026.

- **Matetic Conrad/Inchalam** (2023, steel). Independent economic advice to the Matetic Conrad family before the FNE in connection with the acquisition from Bekaert of the remaining 52% of Inchalam, a leading operator of steel wire transformation and coating technologies. Compass Lexecon prepared a preliminary risk assessment presentation. The FNE cleared the transaction following a Phase I investigation.
- **Hapag-Lloyd/SAAM** (2023, ports). Independent economic advice to Hapag-Lloyd AG during the FNE's merger review. Vertical merger unconditionally cleared following Phase II.
- **Independent economic advice related to a merger transaction** (2023, insurance sector). Compass Lexecon prepared a preliminary risk assessment presentation. The transaction was unconditionally cleared by the FNE following a Phase I investigation.
- **VTR/Claro Chile Telecom JV** (2022, telecommunications). Independent economic advice to parent companies América Móvil (Claro Chile) and Liberty Latin America (VTR) regarding the creation of a joint venture involving the combination of telecommunications providers VTR and Claro Chile. The transaction was investigated by the FNE. Horizontal merger, conditionally cleared following Phase II.

Antitrust

- **Independent economic advice related to alleged abuses of dominance** (2026, ongoing project).
- **FNE complaint against Terminal Pacífico Sur S.A., San Antonio Terminal Internacional S.A., and DPW San Antonio S.A.** (2025, ports, ongoing project). Independent economic advice to DPW San Antonio regarding alleged abuses of dominance arising from the imposition of cargo security charges on exporters and importers of goods. The case is currently under review by the TDLC. Co-author of an economic report submitted to the TDLC analyzing the economic basis of the FNE's complaint. Co-author of an economic report presenting a critical assessment of the reasoning and methodologies used in the economic report prepared by the FNE.
- **Independent economic advice related to alleged abuses of dominance** (2025, ongoing project).
- **Modo v. Mercado Libre Argentina** (2024, payment systems). Independent economic advice to assess alleged abusive conduct by Modo. Compass Lexecon prepared an economic report analyzing the economic basis of a complaint filed in 2023 before the Comisión Nacional de Defensa de la Competencia. In addition, Compass Lexecon prepared an economic report assessing Mercado Libre's dominant position in the marketplace and digital wallet industries in Argentina, and the potential effects on competition of its self-preferencing and tying practices. The case is under investigation by the Comisión Nacional de Defensa de la Competencia.
- **FNE/VTR v. CDF** (2023, telecommunications). Economic advice to CDF in a TDLC case involving allegations of abuse of dominance in the pay-TV rights for Chilean soccer. The work included economic analysis of joint sales, resale price maintenance, and other practices. Compass Lexecon submitted a report assessing the potential competitive harm to consumers.

Cartels

- **Cencosud v. Consumer Associations** (2024, consumer staples). Economic analysis for a claim before the TDLC concerning alleged consumer harm arising from a price-fixing agreement among major supermarket chains (2008–2011). Compass Lexecon prepared an economic report assessing whether Cencosud's fresh chicken sales data indicated consumer harm. Compass Lexecon presented its findings to the TDLC at a hearing.
- **Independent economic advice related to consumer damages arising from a collusive agreement** (2022).

Damages

- **Independent economic advice related to consumer damages** (2026, ongoing project).

Arbitration

- **Copiapó Airport Concessionaire v. Republic of Chile** (2023, airports). Advised Chile's Ministry of Public Works in an arbitration brought by Sociedad Concesionaria Aeropuerto Regional de Atacama S.A. concerning COVID-19-related revenue losses at Copiapó Airport. Compass Lexecon prepared an economic report assessing the claimant's allegations and presented it to the arbitral tribunal.
- **Santiago Airport Concessionaire v. Republic of Chile** (2022, airports). Advised Chile's Ministry of Public Works in an arbitration brought by Sociedad Concesionaria Nuevo Pudahuel S.A. concerning COVID-19-related revenue losses at Santiago Airport. Compass Lexecon prepared an economic report assessing the claimant's allegations and presented it to the arbitral tribunal.
- **Independent economic advice related to a potential arbitration** (2022, consumer staples).

Other antitrust-related matters

- **Independent economic advice related to relevant market definition** (2026, ongoing project). Co-author of an economic report addressing relevant market definition and potential market segmentation.
- **Independent economic advice related to relevant market definition** (2025). Co-author of an economic report on relevant market definition for various products.
- **TDLC proceeding regarding the tender for Port of Valparaíso Terminals 1 and 2** (2025, ports). Compass Lexecon prepared an independent economic report for Terminal Investment Limited, a subsidiary of Mediterranean Shipping Company, one of the world's leading shipping lines. The report assesses the tender mechanism proposed by the port authority and its impact on competition. It also analyzes the effects of vertical integration restrictions in the market.
- **Independent economic advice related to port concession negotiations in Chile** (2024, ports).
- **Independent economic advice related to port concession negotiations in Chile** (2022, ports).
- **FNE Gas Market Study** (2021, energy). Independent economic advice to Lipigas, a vertically integrated natural gas and LPG distributor, during the year-long investigation conducted by the FNE. Compass Lexecon participated in the design of policies to address the FNE's theories of harm and helped rebut the FNE's proposal to impose vertical separation on the industry.
