- Barcelona Graduate School of Economics (BGSE), Intensive course on Quantitative Methods for Competition Analysis, 2017.

## SELECTED WORK EXPERIENCE IN COMPETITION AND REGULATION

### Experience while at CMA

- Lead economist on eight Phase I mergers, including Breedon/Cemex, Circle/BMI, OVO/SSE and Takeaway/JustEat.
- One of the leads on the in-store groceries workstream on Sainsbury's/Asda.
- Led economic analyses in cases involving a broad range of industries and theories of harm: horizontal unilateral, potential competition, input foreclosure, customer foreclosure and coordinated effects.
- On top of leading the economic analyses, a lot of work involved providing recommendations on the outcome of these cases to decision makers both through written reports and in person, hence influencing them in the process. First-hand knowledge of how the CMA works and makes decisions.

### Consulting experience

- Advised on a wide variety of high-profile cases before the European Commission as well as domestic authorities in, amongst others, UK, Poland and South Africa.
- Casework included mergers and acquisitions (e.g., Essilor/Luxottica) as well as cartel litigation, RPM and market investigation cases.
- Provided economic advice in a broad range of sectors including office supplies, optical products, fast moving consumer goods, lifting and material handling solutions, financial services, healthcare and telecommunications.

## LANGUAGE SKILLS

- Polish (native)
- English (fluent)
