SELECTED CONSULTING EXPERIENCE

Mergers and acquisitions

- Broadcom / VMware (2022 – 2023, technology)
Advised client during merger proceedings in the EU and the UK. Merger clearance following Phase II investigations of both the European Commission and the UK Competition and Markets Authority (CMA).
- NVIDIA / Arm (2020 – 2021, technology)
Advised client during Phase II merger proceedings before the European Commission and during merger proceedings in other jurisdictions.
- Aon / Willis Towers Watson (2020 – 2021, insurance broking)
Advised client during Phase II merger proceedings before the European Commission.

Horizontal agreements

- Manufacturing client (2025 – ongoing, joint venture)
Evaluated the potential anticompetitive effects of horizontal production agreements between competitors.
Assisted clients in obtaining regulatory approvals in relevant jurisdictions.

Abuse of dominance

- Technology client (2025 – ongoing, exclusionary conduct)
Assessed the client's pricing in an Article 102 investigation by the European Commission.
- Pharmaceutical client (2024 – ongoing, exclusionary conduct)
Assessed the appropriateness of the client's conduct through cost replicability and a price-cost test in court proceedings challenging a decision of a national competition authority.
- Client in asset-intensive industry (2022 – ongoing, excessive pricing)
Assessed the appropriateness of cost allocation and asset valuation assumptions in the assessment of excessive pricing during a national competition authority investigation and subsequent court proceedings challenging its decision.

- Manufacturing client (2021 – 2025, exclusionary conduct)
Conducted as-efficient competitor (AEC) tests to advise client in an Article 102 investigation by the European Commission.

Litigation

- Automotive-sector client (2026 – ongoing, standalone claim)
Assisted the client during the disclosure process in proceedings before the High Court of England and Wales.
- Which? v Qualcomm (2021 – 2026, standalone opt-out collective proceedings)
Provided economic analysis and support in preparing expert reports for Qualcomm in proceedings before the UK Competition Appeal Tribunal (CAT), including analysis of standard-essential patent (SEP) licensing, royalties and the alleged leveraging of Qualcomm's position in chipset supply.
